

—HERE IT IS— THE VELIE MODEL 48, 1920

You must see the car to appreciate the striking beauty of the new straight line high cowl body design, distinctive radiator and hood, bevel border fenders and octagonal lamps, and you must try the car to know what the sensational new Velie Continental Motor means. This is the first mention of a new type power plant. Burns low grade fuel, has more responsive power, more speed, no vibration, no noise and costs less to run.

This beautiful new 1920 model is now on exhibition at the show room of

DEMONSTRATION GLADLY GIVEN.

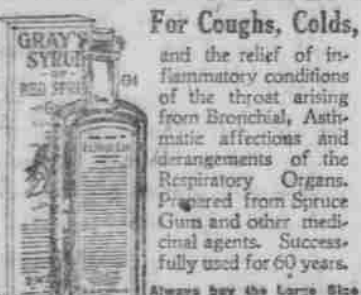

Great Rejoicing by Rheumatic Cripples

If So Crippled You Can't Use Arms
or Legs Rheuma Will Help You
or Nothing To Pay.

If you want relief in two days, swift, restful relief, take one teaspoonful of Rheuma once a day.
If you want to dissolve the uric acid poison in your body and drive it out through the natural channels so that you will be free from rheumatism, get a 15 cent bottle of Rheuma from your druggist today.
Rheumatism is a powerful disease, strongly entrenched in joints and muscles. In order to conquer it a powerful remedy must be sent against it. Rheuma is the enemy of rheumatism, the matter what form an enemy that must conquer it every time or your money will be refunded.
Rheuma contains no narcotics—is absolutely harmless, and thoroughly reliable because it is the one remedy that has relieved the agonizing pains of rheumatism sufferers who thought nothing would give relief. It should be as much for you as it is for the doctor. The 15 cent bottle will supply you on the spot—no pay plan.

WESTERLY

Having cleared the way in the matter of recommending the appropriation to be submitted to the financial town meeting to be held this (Tuesday) evening, there was but little business for the regular meeting of the town council Monday. Mrs. A. Angelo asked that a street light be placed in front of 246 High street, Dewey park, as it was a very dark place at night in comparison with other places in that locality. The matter was referred to the street light committee. The bills for the month of January were ordered paid, including one of \$117.40 for the street and return to Westerly by the extradition route from New York. Frank Manna, the overseer of the poor, asked that the recommendation of \$4,400 for his department be increased to \$5,000 and favorable action was taken. The clerk read the overseer's report in detail, covering the maintenance of the poor fund, Archie H. Skelton was appointed a special police constable without pay.

Thomas E. Brown, chief of police, reported five arrests during January, three of which were of insane persons, one for reckless driving and one for abandonment of wife and children, embarking and enticing women out of state for immoral purposes.

Dr. Samuel C. Webster, superintendent of health, made a report that during the month of January there were reported to him two cases of diphtheria, eight of measles, one of mumps and four of scarlet fever. No cases of influenza were reported. That does not signify that there are no cases of the disease in Westerly. The disease is here and so many are affected in mild form, perhaps, that some doctors were compelled to abandon their regular office practice.

The application of John Holliday for a pool license was denied and like application from Natalie Gabrielle granted. Eleven bills were granted. It was voted to request the town treasurer, who is familiar with the town finances, to present an explanation of the recommendations to the financial town meeting Tuesday evening.

The annual vote to fix the salary of the town clerk, Everett E. Whipple, at \$3,000 in lieu of all fees as town clerk, the present salary being \$250 a month plus fees. This change is made at the request of the clerk and the amount is inserted in the budget for town officers. The average salary, including the monthly salary, fees and probate clerk salary, had averaged \$2,101.73 since 1907, when he was first elected to the office. His lowest pay was \$1,744.05 in 1907 and the highest \$2,531.51 in 1915.

The budget for 1920 totals \$235,200 and is made up as follows: Schools, \$38,000; evening schools \$500; police department, \$12,400; town officers, \$9,800; town hall, \$4,000; street lights, \$10,800; support of poor, \$3,000; hospital appropriation, \$200; printing and advertising, \$1100; care shade trees, \$200; state tax \$19,000; interest, \$25,000; miscellaneous, \$4,500; assessors' plat, \$500; highways, \$45,000. The state tax revenue is from \$14,000 to \$19,000; interest, \$21,000 to \$25,000; street lights from \$10,700 to \$10,800. The school committee contemplates a raise of approximately \$100 in the salaries of teachers. The appropriation recommended for 1920 is \$23,000 over last year, which includes a new school building in Pleasant street. The police appropriation is increased from \$10,000 to \$12,400 to meet increased pay of police officers.

The budget as recommended by the town council totals \$235,200. A tax of 25 mills would net \$23,000, which was collected properly. The last year's tax of 19 mills netted \$18,000, which last about covered the budget. This did not include the special appropriation for the Pleasant View, White Rock and Bedford highways.

Ever since the founding of the town, so it is said, the town clerkship has been a self-sustaining office, but the time has passed, as there has been no increase in fees to keep pace with the increased cost of living. There is a large amount of business transacted in the office of the town clerk, business that must be done for the town and the state, and for individuals under the laws for which there is no direct financial return. There is more work in the office than can be accomplished by the clerk and in consequence some \$1,200 a year must be expended by the town for clerical assistance. The treasurer and collector receives \$1,000 a year and is allowed \$500 a year for clerical assistance.

To Guard Against Influenza.

Don't let the dread influenza get you. If you have even the slightest cough or cold, better begin using Foley's Honey and Tar at once. Henry White, Sandy Point, Texas, is one of many thousands who consider this remedy "just fine." He says: "I suffered severely with a bad cough; after using four or five bottles of different medicines decided to try Foley's Honey and Tar. One bottle gave relief. Best medicine I ever used." Contains no opiates. Lee & Osgood Co.

Castor Oil for Botulism.

In a case of botulism—poisoning from eating spoiled vegetables or fruit and most common with canned goods—the most effective remedy is a generous dose of castor oil. But it must be given quickly, as one of the effects of the poisoning is to paralyze the intestines, and when this has taken place the oil will do no good.

French Peasants Good Pay.

The French peasant, already going thrifty and frugal, and far more inclined to do without than to buy beyond his means, almost without exception pays his debts reliably and promptly. High collection costs form no part of a dealer's worries in France.

Fish Live in Ice.

During several months of each year some of the great rivers of Siberia are frozen solid to the bottom, but the fishes imprisoned in the ice maintain their vitality and resume their active life when the ice melts in the spring.

It is never too late to learn that it is best to be early.
